

Introducing Allegro....

Carolyn has just introduced the Allegro IPL machine into her clinic! Allegro offers permanent hair reduction for any skin type and most hair colours including white, blonde and red!

Allegro's Super Fast Motion Technology combines low fluence, super fast pulses to target and destroy the hair follicles responsible for hair growth, without harming surrounding tissue.

The 'sweeping technique' allows for continuous motion movement and cooling resulting in a faster treatment time with less pain and discomfort. This is in contrast to previous technology which caused peak energies and required cooling prior to the treatment in order to reduce adverse side effects.

For further information book a free consultation with Carolyn or drop into the salon and take a brochure.

Carolyn's next visiting dates:

Monday Nov 2nd • Wednesday Nov 4th • Monday Dec 7th

SNS IS HERE!

SNS is a revolutionary multi-3 step process that overlays directly onto the nail bed to create a long lasting nail with exceptional durability and shine. The application doesn't use harsh chemicals, which eliminates the odours that are typically associated with acrylics and gels.

SNS Nails are much thinner, light weight, quicker to apply than acrylics, and help your nails to grow stronger and healthier by adding 5 different kinds of vitamins and calcium.

There is a range of colour and glitter dipping powders available including French. and completely **zero drying time!**

- No Damage to Nail Bed
- Light Weight & Durable
- Looks & Feels Natural
- Added Calcium, Vitamin A, E, D3 & B5
- No Liquid or UV Light Needed
- Easy to Do, Easy to Refill
- Zero Drying Time
